## HELPING OUR VETERANS FIND AND KEEP GOOD JOBS

---

*"[Taking care of our veterans] isn't just a debt of gratitude. This is a debt that must be repaid because they've sacrificed so much. They've done exactly what this country has asked. They've fought and suffered, and their lives have been affected forever."*

— Adm. Michael Mullen,  
Chairman, Joint Chiefs of Staff

# Creating job opportunities for U.S. military veterans by delivering business results

## Veterans helping veterans find and keep good jobs

---

Veterans2Work is a national network of employers, veteran service organizations, public agencies and individuals focused on creating work opportunities for U.S. military veterans and their caregivers.

We work directly with established employers, encouraging them to invest in veterans' productive potential; at the same time, we work with veterans to improve their employability, job success and career prospects.

*“...to care for  
[him/her] who  
shall have borne  
the battle.”  
— A. Lincoln*

Besides recruiting and placement, Veterans2Work offers outsourced customer service, appointment setting, technical support and back office services. These services are staffed by home-based, special needs veterans and their caregivers.

We believe that, given the opportunity, special needs veterans can and will deliver superior results.

All of our services are provided free of charge to veterans.

Veterans2Work is a project of MarinLink, a 501(c)(3) non-profit.

## OUR GOALS

---

Our primary goal is to improve the employability and job success of U.S. military veterans, with special focus on disabled and special needs veterans and their caregivers. Our secondary goal is to help employers tap the full productive potential of veterans.

We seek to deliver benefits across three fronts:

1. **Veterans** gain access to work opportunities otherwise unavailable to them.
2. **Employers** gain direct access to a pre-screened, highly motivated and productive resource pool.
3. **Individuals** and society can show their gratitude in a meaningful way to those who served and sacrificed.

## PROGRAMS

---

The proceeds from earnings and contributions are used to fund these services (all veteran services are provided free of charge):

### Veterans

- Job search support
- Vocational support and on-the-job training
- Job placement
- Career development and coaching
- Post-placement support

### Employers

- Work place readiness
- Recruitment and placement
- Temporary staffing
- Managed (outsourced) services
